Table of
Professions and Occupations
for Girls.

SECOND EDITION, REVISED.

Price 6d.

1915

With many men fighting on the battlefields, new careers were opening up to girls once they had left College. This pamphlet entitled 'Table of Profession and Occupations for Girls' and dated 1915, lists all the many careers available in medicine, teaching, domestic science, agriculture, business, and other professions. This page lists some of the careers available within the Civil Service and details the qualifications and length of training needed, the likely salary after training and future career prospects.

On His Majesty's Service.

Miss A.L. Peck,
penmore House,
Chesterfield.
